“ *My grandmother will always be a constant presence with fondest memories of the special times I've shared with her. She was the matriarch of the family. Four years of her passing. I think of all the times we spent together riding around in her grey van. She was my sounding board. Many times I used to call her venting about situations, she would always give me great advice. My grandmother was tough has nails, she would cuss you out, but her heart was always sincere. She was always there for me. A sweet memory I have of my grandmother was as a little girl, I lost my favorite purse, My grandmother shopped around looking for an identical purse She enjoyed traveling and dining out. My grandmother was generous to a fault. She loved cooking. And would feed anyone in need.. She leaves behind family and friends that miss her dearly. I LOVE YOU GRANDMA Nicole*
